WEN-YIH SUN Dept. of Earth and Atmospheric Sciences V:765-494-7681
Purdue University F: 765-494-1210
West Lafayette, IN. E: wysun@purdue.edu

A. Current Position:

Professor of Earth and Atmospheric Sciences, Purdue University
Faculty member in Computational Science and Engineering (CS&E) Program,
Purdue University
University Chair Professor, Department of Atmospheric Sciences,
National Central University, Chung-Li, Taiwan

B. Education:

Ph.D. (1975): The University of Chicago, Geophysical Sciences
MS (1972) The University of Chicago, Geophysical Sciences
BS (1968) National Taiwan University, Atmospheric Sciences

C: Research Area:

Geophysical fluid dynamics, numerical method and numerical modeling, atmospheric-snow-soil interaction, regional climate/weather modeling, mesoscale meteorology, air-pollution and turbulence, and the developer of Purdue Regional Climate Model (PRCM), NTU-Purdue Nonhydrostatic Model, etc.
